ESCAPE

Bilekahalli, Bangalore

WHO WE ARE –

Established in 2010, **ARCHISCAPE** is a holistic architecture-interior design firm located in Bangalore.

The practice is founded on a common goal of creating environment that benefit all involved, our clients, ourselves and our community.

HOW WE DO –

Great architecture doesn't just make an impression. It changes the way you feel. A well-designed space has the ability to both physically and perception ally transform individuals, groups and entire institutions.

At **ARCHISCAPE**, we help our clients capture that potential by designing spaces that seamlessly combine form, function and feeling. We believe in the natural design intuition of our clients and work to create environment that reflect their individual personality and lifestyle.

WHY WE DO IT –

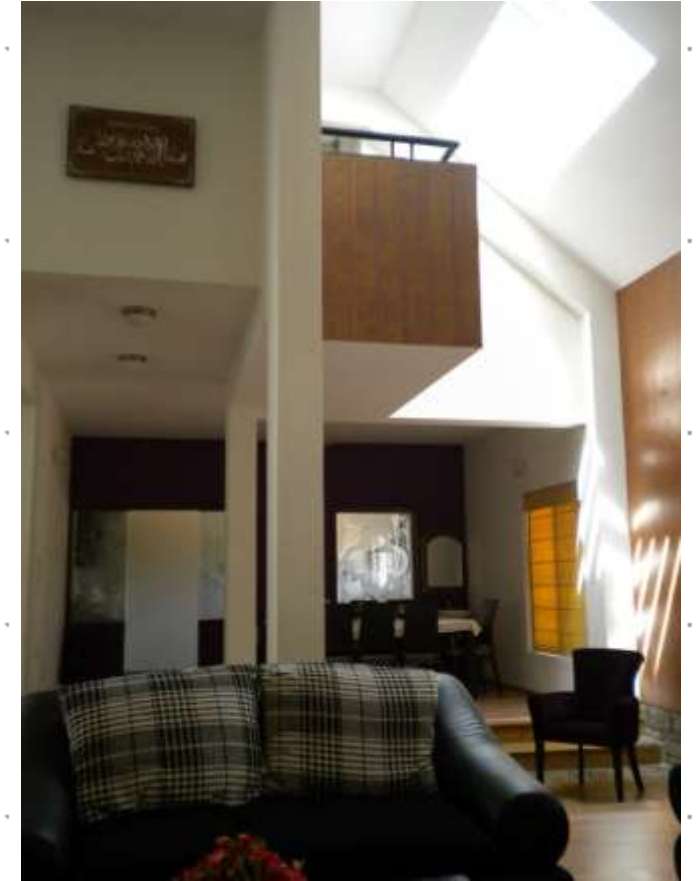

We enjoy creating environment that make a difference to all involved: occupants, designers, builders and owners. Our sense of accomplishment lies in articulating each client's aspirations and vision, goals, priorities and cost objectives through personalized design solutions and high-quality-factory finish-implementation.
